NEW MEXICO HEALTH CONNECTIONS
PROVIDER INFORMATION

CONNECT TO YOUR CARE WHEN YOU NEED IT MOST

Our provider network offers you access to:

- Lovelace Hospital System: Lovelace Women's Hospital, Heart Hospital of New Mexico, Lovelace Medical Center, Lovelace Westside Hospital, Lovelace Regional Hospital – Roswell, and Lovelace Rehabilitation Hospital.
- UNM Hospital, the state's only Level I trauma center.
- Large multispecialty groups such as ABQ Health Partners, New Mexico Heart Institute, Southwest Medical Associates, Lovelace Medical Group, UNM Medical Group, and others.
- All major hospital health systems and physician groups outside of Albuquerque, with the exception of LifePoint (Memorial) in Las Cruces and the Los Alamos Medical Center.
- Several cancer care and research centers such as New Mexico Cancer Center around the state and in El Paso and Lubbock, TX.

And keep in mind that:

- You do not have to have a referral to see an in-network specialist, including outpatient behavioral health providers.
- All medical emergencies are covered nationwide.

Search our online provider directory

Visit mynmhc.org/find_a_doctor.aspx to use our provider search tool. You can search:

- For individual providers or groups/facilities.
- By zip code, and within a specified distance from that zip code.
- By provider name and specialty.
- By provider gender.
- For providers who are accepting new patients.

Provider search results give you links to Google maps and directions.

Also on mynmhc.org/find_a_doctor.aspx, you will find quick links to in-network:

- Urgent care centers.
- Freestanding radiology providers (a lower-cost option than hospital-based facilities for outpatient radiology).
- Durable medical equipment providers.

Big benefits for

New Mexico public schools.

WHY NMHC? WHY NOT!

From acupuncture to walk-in clinics, our network of providers includes all types of primary, specialty, alternative, and behavioral care, as well as hospitals, urgent care and walk-in clinics, and other facilities. Our providers are located all over the state and in the border areas of El Paso and Lubbock, Texas.
