

A HEALTHY PLAN FOR NEW MEXICO.

Health insurance for

individuals and families.

HEALTH INSURANCE FOR PEOPLE. NOT FOR PROFIT.

Health insurance should do more for you than just pay claims. At New Mexico Health Connections (NMHC), we operate under our company vision of **Innovation**, **Transformation**, and **Collaboration**.

NMHC puts people above profits because we are a Consumer Operated and Oriented Health Plan (CO-OP), not a corporation. We reinvest profits into enhanced member benefits and services, impacting the quality of healthcare and bringing a life-improving revolution to New Mexico. The health of you and your family is our top priority. Isn't that the way health insurance should be?

CO-OP

Built by New Mexicans.
Governed by our New Mexican members.
Dedicated to your health.

WELL-CARE, NOT SICK-CARE.

We don't wait until you become sick – we get to know your health needs as soon as you become a member and connect with you as often as you need it. Our experienced medical management team will offer you guidance and expertise to help you be healthier, no matter where you are in your healthcare journey. We also partner with Community Health Workers throughout New Mexico to support your care. At NMHC, we treat each member as a unique individual.

\$0 COPAY

We want you to stay happier and healthier for less. That's why we have some plans that provide no-cost outpatient behavioral health visits and a \$0 copay for select drugs from in-network participating pharmacies for many common chronic conditions: asthma, bipolar disorder, chronic obstructive pulmonary disorder, congestive heart failure, coronary artery disease, depression, diabetes, hypercholesterolemia, and hypertension.
