# HEALTH INSURANCE

# FOR PEOPLE.

# NOT FOR PROFIT.

Finally! A really different kind of health insurance that puts people above profits. New Mexico Health Connections (NMHC) can do that because we operate like a CO-OP, not like a corporation. So we turn profits into enhanced member benefits and services, improving quality of care and holding down your healthcare costs. The health of you and your family are our #1 priority, and isn't that refreshing news?

**CO-OP**

That means your premium dollars stay in the state.

## HEALTH INSURANCE THE WAY IT SHOULD BE.

Everyone in New Mexico deserves high-quality healthcare that's affordable and easy to access. Our network of highly rated and committed doctors and hospitals provides NMHC members with advanced medical skills, knowledge, and care. Their goal is to help you and your family create a healthy future.

# \$0 COPAY

We want you to stay happier and healthier for less. That's why we have plans that provide no-cost outpatient behavioral health visits and a \$0 copay for generic medicines for many chronic conditions: asthma, diabetes, depression, hypertension (high blood pressure), bipolar disorder, chronic obstructive pulmonary disease (COPD), congestive heart failure (CHF), coronary artery disease, and hypercholesterolemia (high cholesterol).
