## CMS- 1500 Provider Definitions

The following definitions apply to the provider terms used on the CMS-1500 paper claim form:

### Referring Provider

The referring provider is the individual who directed the patient for care to the provider that rendered the services being submitted on the claim form.

Examples include, but are not limited to the following:

- A primary care provider referring to a specialist
- An orthodontist referring to an oral and maxillofacial surgeon
- A physician referring to a physical therapist
- A provider referring to a home health agency

### Ordering Provider

The ordering provider is the individual who requested the services or items listed in block D of the CMS-1500 paper claim form.

Examples include, but are not limited to, a provider ordering diagnostic tests, medical equipment, or supplies.

### Rendering Provider

The rendering provider is the individual who provided the care to the patient. In the case where a substitute provider was used, that individual is considered the rendering provider.

An individual such as a lab technician or radiology technician who performs services in a support role is not considered a rendering provider.

### Supervising Provider

The supervising provider is the individual who provided oversight of the rendering provider and the services listed on the CMS-1500 paper claim form.

An example would be the supervision of a resident physician.

### Purchased Service Provider

A purchased service provider is an individual or entity that performs a service on a contractual or reassignment basis.

Examples of services include the following:

- Processing a laboratory specimen
  - Grinding eyeglass lenses to the specifications of the ordering provider
  - Performing diagnostic testing services (excluding clinical laboratory testing) subject to Medicare's antimarkup rule
- In the case where a substitute provider is used, that individual is not considered a purchased service provider
