Note: By using this VSP doctor list, you agree that the information it contains is protected and proprietary. Publication or sharing of the information for any purpose other than implementing the VSP vision care plan is prohibited.

All VSP doctors accept new patients. The VSP doctors and affiliate providers on this list were

For: NEW MEXICO HEALTH CONNECTIONS
By: Jennifer King

VSP doctors or affiliate providers at the time the list was created. However, this list is subject to change without notice. Please check with the VSP doctor or affiliate provider of your choice when making your appointment to ensure he or she provides the services you require.

Accessibility indicator based on doctor/practice reporting.

Timely Access to Care. Enrollees have the right to receive care and services in a timely manner: access to a routine eye exam within 30 calendar days; access to non-urgent medical needs within seven days; access to urgent care if the call is received during office hours, and the doctor determines the need of the member to be urgent, member should be seen within 24 hours; access to a telephone screening when evaluated to determine the severity of the condition and disposition of the patient; and access to specialty care within 14 calendar days from the time the primary care provider requests the referral.

Enrollees are entitled to language interpreter services, at no cost. For more information, please contact VSP at (800) 877.7195. For interpreter services at the time of an appointment, enrollees should tell the provider's office that they need an interpreter when scheduling their appointment.

VSP contracted providers allow full and equal access to covered services, including insureds with disabilities as required under the Federal Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

VSP continually assesses the doctor network to ensure adequate access for members. VSP's access standard is one doctor in a 10-mile radius urban/suburban and one doctor in a 25-mile radius for rural. VSP utilizes reports to analyze and determine the percentage of members that will have access to a doctor within a specified distance. VSP runs specific reports to determine if standards are being met and whether to apply appropriate interventions when gaps are identified.

Important Notice:

Any physician included in this directory is listed for outpatient office visits. In addition, the directory includes information regarding whether the provider is currently accepting new patients.
